

ETHIC Model of Decision Making

- E** **Examine relevant personal, societal, agency, client & professional values.**
- T** **Think about what ethical standard of the NASW code of ethics applies, as well as relevant laws & case decisions.**
- H** **Hypothesize about possible consequences of different decisions.**
- I** **Identify who will benefit & who will be harmed in view of social work's commitment to the most vulnerable.**
- C** **Consult with supervisor & colleagues about the most ethical choice.**
